

**ARSENIC WATER TREATMENT TECHNOLOGY THEME SESSION (Half-Day)**  
**October 21, 2003**

- 1:30 PM     Introduction**  
Malcolm Siegel, Sandia National Laboratories
- 1:40 PM     Arsenic Water Technology Partnership Program**  
Albert Igles, Awwa Research Foundation
- 2:00 PM     Training, Education, Technology Transfer and Cost-Benefit Analysis for the Water Technology Partnership**  
Abbas Ghassemi, WERC (A Consortium for Environmental Education and Technology Development)
- 2:20 PM     Pilot Demonstrations of Innovative Arsenic Water Treatment Technologies in the Arsenic Water Technology Partnership**  
Malcolm Siegel, Sandia National Laboratories
- 2:45 PM     US EPA Arsenic Treatment Technology Research Demonstrations**  
Sally C. Gutierrez, U.S. Environmental Protection Agency
- 3:10 PM     Break**
- 3:20 PM     An Overview of Treatment Processes for Arsenic Removal from Drinking Water**  
D. Clifford, University of Houston
- 3:45 PM     Considerations in Pilot Testing of Arsenic Treatment Technologies**  
Bruce Thomson, University of New Mexico
- 4:10 PM     Residuals Characterization for Arsenic Removal Technologies**  
Michelle Frey, McGuire Environmental Consultants, Inc.
- 4:35 PM     Discussion and closing remarks**
- 4:45 PM     Adjourn**

**ARSENIC TREATMENT TECHNOLOGY VENDORS FORUM WORKSHOP (All-Day)**  
**October 22, 2003**

- 8:30 AM – 11:30 AM     Open Session**
- 8:30 AM                 Introductions and Overview of Forum Objectives and Procedures**
- 8:45 AM                 Pilot Demonstration Program Overview**
- 9:00 AM – 10:00 AM     Presentations by Vendors**
- 10:00 AM                Break**
- 10:15 AM                Presentations by Vendors**
- 11:30 AM                Adjourn**
- 1:00 PM – 5:00 PM     Closed Session - Individual Interviews of Vendors by Technical Evaluation Teams**
- 5:00 PM                 Adjourn**
